To Whom It May Concern

I am very pleased to have the opportunity to provide a reference for Graeme Boyd. Graeme has worked as Head Librarian at The English School Fahaheel in Kuwait since September 2012 on a one year (part-consultancy) contract. During this short time Graeme has transformed the library single-handedly into a popular and efficient resource centre for both staff and students. The library was an area of concern after the last OFSTED inspection in 2012 and needed a drastic reinvigoration and boost to attendance figures which Graeme has achieved.

Graeme is a well-liked and respected member of staff with an approachable demeanour, inquisitive mind and genuine passion for the encouragement of reading, literacy and library skills. Graeme oversees both the senior and middle school libraries including staffing, budget and development planning.

I would have no hesitation in recommending Graeme for any post for which he applies. I am convinced he will be as successful with you as he has been with The English School Fahaheel. I deeply regret his loss to the school as he will be a very difficult colleague to replace.

Please contact me should you have any further questions.

Yours faithfully

Vaughan Shepherd
